

## iCDMIX3

**PLAY VIRTUALLY ANY FORMAT AND MIX, ALL IN ONE BOX!** iCDMIX 3 enables you play virtually any major music format: CD, MP3, iPod, or external sources like turntables. iCDMIX 3 is a complete, professional DJ system all in one rugged metal housing. It has a dual-deck MP3-CD player, a three-channel mixer with Universal Dock for iPod, and a complete range of professional performance features such as Anti-Shock™ electronically buffered shock protection. For easily locating tracks in an MP3 folder system, you'll appreciate iCDMIX 3's high-contrast VFD display.

### FEATURES

- Compact all-in-one dual MP3/CD player with mixer and iPod dock
- Fast setup and teardown, perfect for mobile DJs and backup systems
