MIXDECK

UNIVERSAL DJ SYSTEM

PERFORM WITH CD, MP3, USB, SOFTWARE, AND IPOD. MIXDECK is a complete system for every DJ who blends different kinds of music sources. Whether your music is on CDs, MP3 CDs, USB flash drives, iPod, your computer, or even other analog players, you can mix and perform with it all using MIXDECK. This performance station has the traditional two-decks-and-a-mixer layout you're used to, but that's where time-honored DJ tradition meets Numark innovation.
